CAREER OBJECTIVE

Seeking to be a full stack developer with polyglot skills. Currently a student in Vancouver studying web application development. Having started walking the tech path last year, I am very ambitious and passionate about coding. Diligent and hardworking, I am eager to learn new skills and help the company and my coworkers achieve their goals.

SKILLS

Languages	HTML5, CSS3, SCSS, JavaScript, TypeScript, GraphQL, Node.js
Frameworks and Libraries	React.js/Redux, Material UI, styled-components, Express
Systems and Databases	Git/GitHub, MongoDB/Mongoose, Firebase, MySQL
Other	Agile, Figma, Illustrator, Photoshop, Microsoft Office

DEVELOPMENT EXPERIENCE

OpenTree Education   *Vancouver, Canada*
Open Source Developer   *May 2022 - June 2022*

Worked on a community dev team for an open source project for OpenTree Education. Created a user profile feature for a students management system.
Tasks completed include: Agile, onboarding, pair programming, GitHub collaboration, work in a team, a full project cycle.

PROJECTS

Creative Product Generator (React.js, Redux toolkit, TypeScript, styled components)   *May, 2022*
The web application that uses OpenAI API. When the users input product description, it generates product ad and name.

Vancouver Hot Chocolate Adventure (React.js, Redux toolkit, TypeScript, styled components)   *Mar, 2022*
Using Geolocation API, this web application compares user's location and a shop location to check as "Been To".

Grocery Budget Calculator (React.js, Redux toolkit, TypeScript, styled components)   *Mar, 2022*
The web application that keeps track of budget for grocery shopping.

Space Gallery (React.js, styled components)   *Jan, 2022*
The image gallery that users can like and unlike pictures using NASA API.

To go/To do List (React.js, Redux toolkit, Material UI)   *Dec, 2021*
The website that users can add, edit and delete lists of places to go and things to do.

Light Night Lamp (HTML, CSS)   *Aug, 2021*
The ecommerce landing page design for the store selling lamps.

PROFESSIONAL EXPERIENCE

Gakuhou-sha   *Aichi, Japan*
Editorial Assistant   *September 2020 - March 2021*

- Read through and corrected numerous spelling and grammar mistakes in drafts for English workbooks.
- Not only pointed out these mistakes and unnatural use of English, but also suggested alternatives.

KSG   *Dublin, Ireland*
Catering Assistant   *November 2019 - August 2020*

- Served customers at a sandwich bar with a welcoming attitude, and was always thinking what should be done next to make the waiting time as short as possible.

Besttech Co., Ltd.   *Aichi, Japan*
Editor/Translator   *April 2017 - July 2019*

- Translated and edited fighter airplane manuals using MS Word, Illustrator and Photoshop.

EDUCATION

CICCC - Cornerstone International Community College of Canada   *May 2021 – present (until Apr 2023)*
Web and Mobile Application Development | Diploma
